Subject: Approved List of Electric Fencing Materials for FY 2024-2025

Respected Sir(s)/Madam(s),

We are pleased to share the finalized list of approved Electric Fencing (EF) materials for the financial year 2023-2024. The list includes both the awarded rates and the selected suppliers, as determined by the Technical Evaluation Committee after a detailed review to ensure high quality and dependability of the materials.

To enhance efficiency and standardization in procurement, we kindly instruct all Agricultural Research and Development Centers (ARDCs) and Dzongkhags to source EF accessories solely from the listed suppliers. This practice is essential for maintaining consistency and reliability in electric fencing initiatives.

We appreciate your cooperation and support in this matter.

Yours sincerely

Yeshe Lhamo
